Woody has always been confident about his place in the world and that his priority is taking care of his kid, whether that's Andy or Bonnie. WOODY

Now that his beloved Andy is off to college, Woody and his friends have a new home with the energetic and imaginative Bonnie. Bonnie's toys have welcomed the gang with open arms, but transitioning to a new owner after so many years is harder than Woody had thought it would be. How will Woody find his footing in this new phase of his life?

FORKY

Forky is a craft project created by Bonnie on the first day of kindergarten from a spork and art supplies. After being played with and coming to life, Forky has a lot of questions about his new existence as a toy.

BUZZ LIGHTYEAR

Transitioning to a new owner was a big change, but Buzz has taken the move to Bonnie's room in stride. Though no longer the toy of the moment, Buzz Lightyear, Space Ranger, is as bold and trustworthy as ever, always ready for a new adventure.

DUKE CABOOM

Duke Caboom has all the swagger of Canada's greatest daredevil, but he's never quite recovered from being discarded by his kid, after Duke's stunt cycle jumps turned out not to be as cool as advertised.

BO PEEP

Bo Peep is a porcelain figurine who, along with her sheep Billy, Goat, and Gruff, once decorated the base of a child's reading lamp. Don't let her delicate appearance fool you—Bo is as brave and tough as they come, with a dry sense of humor and lightning-quick reflexes. After Andy's sister Molly outgrew the lamp and gave it away, Bo and her sheep became "lost toys" by choice, traveling from town to town and helping others they meet along the way.

DUCKY/BUNNY

Ducky and Bunny are a pair of carnival-prize stuffed toys who are literally inseparable - attached to one another by their wing and paw. After hanging in a carnival game for years waiting to be won, their senses of humor are as sharp as ever.

©Disney/Pixar

GABBY GABBY

Talking doll Gabby Gabby looks straight out of her original ads from the 1950s, but for some reason she's spent decades languishing in the glass display cabinet of an antiques store.

OFFICER GIGGLE McDIMPLES

Giggle McDimples of the Pet Patrol may be only an inch and a half tall, but this seasoned law enforcement officer is spirited and funny, and one of the most gifted detectives you'll ever meet.

DUMMY – GENERAL

This old-fashioned ventriloquist dummy is one of a group who serve as Gabby Gabby's faithful companions. These debonair gentlemen exude the polished formality of a bygone era, but never speak, instead maintaining a mysterious silence.

RETRO WONDERLAND

The *Retro Wonderland* design program takes a nostalgic trip to the toy shop with the return of Woody, Buzz, and friends. Inspired by vintage toy advertisements and packaging, designs promote the characters as actual toys. With a muted color palette and half-tone effects, badges give off a feeling of old-fashioned, playtime fun. All of the above elements, combined with line art and retro typefaces, make it cool to enjoy this blast from the past!
